Carolyn

Per our discussion last week, please find attached the boring/well logs for the 4 offsite monitoring wells (MW-31 through MW-34) and 2 offsite piezometers (P-1 and P-2) installed in April 1996.

Subject: Amphenol call this morning

Hi –

We are anticipating the call this morning to cover technical topics and have not invited our attorney to participate.

Please let me know if you agree and whether you have invited your attorney.

Thanks.

Subject: EWA Report

Hello-

Please see the attached report, just received by EPA, which will be one topic to be covered during our call tomorrow.

Please be prepared to discuss the treatment system and air emissions, which I believe you have described as being generally non-detect in an earlier conversation when I asked about any air permit.

Thanks.

Carolyn
